

MAHESH TUKARAM GAIKWAD

M.Sc. - Computer Science

Ph: +91-8010960528

Email: gaikwad.mahesh@indirauniversity.edu.in

Pune, Maharashtra, India - 411044

LinkedIn: <https://www.linkedin.com/in/mahesh-gaikwad-03080028b/>

PROFESSIONAL SUMMARY

Motivated MSc Computer Science student with hands-on experience in Python, C, Java, .NET, JavaScript, and PostgreSQL, along with experience in AI-based projects and software development. Developed projects including an AI Based Resume Skill Gap Analyzer, Recommendation System and ATS Resume Scanner, smart attendance management system. Strong problem-solving and programming skills, seeking an entry-level Software Engineer or AI Developer role to contribute to innovative and impactful solutions

KEY EXPERTISE

python .net c Sql Artificial Intelligence API Intergration Data Analytics Full Stack Development Git

EDUCATION

School of Information Technology

2025 - 2027

M.Sc. - Computer Science | CGPA: 8.07 / 10

Savitribai Phule Pune University under Shri Mulikadevi Mahavidyalaya, Nighoj

2022 - 2025

B.Sc. - Computer Science (Full Time) | CGPA : 8.06 / 10

Chandmal Tarachand Bora College, shirur

2022

12th | Maharashtra State Board of Secondary and Higher Secondary Education Pune. | Percentage: 63 / 100

jeevan vikas mandir shirur

2020

10th | Maharashtra State Board of Secondary and Higher Secondary Education Pune. | Percentage: 82 / 100

PROJECTS

AI-Based Resume Skill Gap Analyzer, Recommendation System & ATS Resume Scanner

Mentor: Ms. Dhruvi Jariwala | Team Size: 3

Key Skills:

ASP.NET Core MVC, C# SQL Server Resume Parsing ATS REST API Integration Data Analysis & Reporting

Developed an AI-driven web application to evaluate resumes against job descriptions to determine ATS compatibility, identify skill gaps, and provide customized recommendations for improving employability. Developed resume parsing, keyword matching, skills analysis and job-specific recommendations using ASP.NET Core MVC, C# and SQL Server.

Campus Placement Management System

Mentor: Mr. Shubham Bende | Team Size: 1

Key Skills: Python Django Framework HTML, CSS, Bootstrap SQLite / MySQL Database Design

Developed a web-based Campus Placement Management System using Python and Django, features secure user authentication, profile management, and resume upload functionalities to streamline student recruitment. Designed specialized job posting and application modules alongside a robust admin dashboard for efficient management of companies, listings, and interview schedules. Leveraged Django, HTML, CSS, and SQLite to integrate real-time status tracking and filtering within a responsive, full-stack application.

ASSESSMENTS / CERTIFICATIONS

Artificial Intelligence

Provider: Honeywell Future Skills Edge Program Collaboration with Bharat Cares

Key Skills: Artificial Intelligence Machine Learning Deep Learning Natural Language Processing

Certified in Artificial Intelligence in Honeywell Future Skills Edge Program in association with BharatCares. Developed basic knowledge of AI, machine learning, data analysis and intelligent automation. Explored practical applications of AI technologies in various industries. Developed analytical, problem solving and technology.

Deloitte Australia - Data Analytics Job Simulation

Provider: Forage

Key Skills: Data Analytics Data Visualization

I completed Deloitte Australia’s Data Analytics virtual experience on Forage. Worked on real-world datasets using Excel and Tableau, strengthening my analytics skills alongside my MSc CS studies.

Introduction to Data Science

Provider: Cisco Networking Academy

Key Skills: Introduction to Data Science Data Analysis Analytical Thinking

I’ve completed “Introduction to Data Science” by Cisco Networking Academy. This course helped me build a strong foundation in data science concepts, data driven thinking, and analytical approaches.

Ransomware Protection

28 Jan, 2026

Provider: EU Cyber Academy

Key Skills: Threat intelligence & mechanics analysis and mechanics Risk management

This certification typically requires completion of self-paced or live sessions followed by an examination to verify the student’s mastery of ransomware protection requirements.

Advanced Software Engineering Job Simulation

Provider: Forage

Key Skills: Advanced Data Structures Relational Database Design Data Munging Problem Solving

Completed practical software engineering tasks involving data structures, software architecture, database design, and data processing using industry-standard methodologies

Introduction to Big Data Tools for Beginners

Provider: Simplilearn

Key Skills: Big Data Fundamentals Big Data Big Data Tools Data Processing

I’ve completed “Introduction to Big Data Tools for Beginners” .This course helped me understand the fundamentals of Big Data tools and Data Engineering concepts, strengthening my industry aligned skills.

SEMINARS / TRAININGS / WORKSHOPS

Honeywell Future Skills Edge Program in Artificial Intelligence

26 Feb, 2026 - 26 Mar, 2026

Institute Name: Honeywell in collaboration with BharatCares

Key Skills: Artificial Intelligence AI Fundamentals Logical Thinking Emerging Technologies Data Understanding

Successfully completed the 80-hour Honeywell Future Skills Edge Program in Artificial Intelligence conducted by Honeywell in collaboration with Bharat Cares from February 2026 to March 2026. Gained foundational knowledge of Artificial Intelligence and its practical applications while enhancing analytical thinking, problem solving, and technical skills. The program strengthened understanding of emerging technologies and contributed to professional and career development.

AI, Life & Employability Skills Training

28 Jan, 2026 - 03 Feb, 2026

Institute Name: Magic Bus India Foundation (Supported by Infosys Foundation)

Key Skills: Artificial Intelligence Resume Building LinkedIn Profile Optimization Professional Development,

Participated in an AI, Life & Employability Skills training session conducted by Magic Bus India Foundation at Indira University, supported by Infosys Foundation. Gained practical exposure to Artificial Intelligence, resume building, LinkedIn profile optimization, teamwork, and employability skills. Enhanced professional, communication, collaboration, and problem solving abilities through practical learning, mentor guidance, and career focused activities.
